

THE DOCTOR'S QUESTION

Advice Against the Use of Harsh Purgatives and Physics.

A doctor's first question when consulted by a patient is, "are your bowels regular?" He knows that ninety-eight per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with noxious gases and waste matter which naturally accumulates and which must be removed through the bowels before health can be restored. Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action they force a passage through the bowels, causing pain and damage to the delicate intestinal structure which weakens the whole system, and at best only produces temporary relief. The repeated use of such treatment cause chronic irritation of the stomach and bowels, hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit which sometimes has fatal results.

We have a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case when it fails to produce entire satisfaction. This remedy is called **REXALL ORDELIERS**. PIILING READY FOR THE BRIDGE

New Structure at Bayou Chico Will Be Ready at An Early Date.

The Turner Construction Co. yesterday completed placing piling for the new bridge which is to span Bayou Chico. This work, which was the most tedious and hardest of any of that to be done, was commenced several weeks ago. All of the piling is crosscut.

The work of placing the flooring is now to commence and will be completed, it is estimated, by next Wednesday.

The county has a number of convicts at work building the approach to the bridge, and it is thought that by the latter portion of next week the new structure will be ready for travel.

DISPUTE OVER CITY PROPERTY

Claiming to be the owner of lots two, five, seven and eight, block thirty-six, New City, in the Rivas tract, east of Muscogee wharf, and being charged with causing the removal and also with using lumber placed on the above lots to lot ten, in the same block, and also with building a wire fence around the above described property, Mrs. Sallie Cummings, familiarly known as the "real estate plunger," was arrested yesterday on a warrant signed by L. M. Davis, charging her with malicious mischief.

She was also arrested on a warrant signed by James Collins, colored, who claims that Mrs. Cummings threatened to do him bodily harm.

Mrs. Cummings furnished bond for her release in both cases, the hearing to be held before County Judge Belinger at 10 o'clock Wednesday morning.

A. V. Caro, white, and James Collins, colored, who were employed by Mrs. Cummings to erect a fence around the property, were also arrested yesterday, both being released on bond. They are charged with malicious mischief.

L. M. Davis, who has the contract to erect buildings on lots two, five, seven and eight, for the Fisher Real Estate Agency, charges that the lumber intended for use in building the cottages was removed by orders from Mrs. Cummings and used in the construction of the building on lot ten, which she claims to own.

The fence erected by Mrs. Cummings has been demolished by the Fisher Real Estate Agency. It was stated late yesterday evening that Mrs. Cummings had men engaged in erecting the fence again.

The manager of the real estate firm said that he would again order it demolished.

Mrs. Cummings stated last night that she is the owner of the entire Rivas tract.

DeFUNIACK.

Special to The Journal.

DeFuniack Springs, March 18.—Mrs. R. W. Storrs, wife of Editor Storrs, of the Breeze, died Monday night after a long sickness. Her remains were interred in the local cemetery. Mrs. Storrs had long been a resident of this town. She is survived by a husband and several children, all girls.

Miss Lancy, of Pensacola, is spending a few days in DeFuniack, the guest of Mr. and Mrs. Gus Campbell.

Major Hancock, of the regular army, was here last night, Wednesday, to inspect Company K. The company has lately been reorganized, and under the leadership of Capt. Harley Cawthon promises to be better than it has been in the past, and its record has always been "second to none." About 75 per cent of the company are old members, and several have seen active service.

Mrs. B. P. Morris entertained the Social Club Wednesday very delightfully. It was a St. Patrick's party, and the decorations were exceedingly pretty, being of ivy and shamrocks, and here and there a green serpent appeared. A potato game was played and each guest, on opening her potato, found a souvenir of the patron saint of Ireland. St. Patrick's day was carried out even to the dainty refreshments.

Mr. and Mrs. Wilkins, of Toronto, Canada, have just returned from a three week's visit to the Southern part of the state. After being there a few days they will visit Florida and other parts of Alabama, before returning to their home.

Mrs. R. C. Maye, wife of the pastor of the M. E. church at Milton, is a guest of Mrs. Keiser at the Hotel Chautauque for a few days.

Mr. Hope Cawthon paid a visit to Florida Tuesday.

The quaker male quartette is now here, and will
